

MANOJKUMAR D

Full Stack MERN Developer

Full Stack MERN Developer with hands-on experience building responsive web applications using React.js, Node.js, Express.js, and MongoDB. Experienced in developing client projects and creating workflow automations using n8n and API integrations. Passionate about building scalable, user-friendly applications and efficient automation solutions.

Experience

Full Stack Web Developer | Mar 1 - Aug 31
Ethirolu Pvt. Ltd. 2026

- Contributed to 5+ client projects using React.js, Node.js, Express.js, and MongoDB.
- Developed responsive UI, REST APIs, database integrations, and full-stack application features.
- Built n8n automation workflows integrating WhatsApp, Email, APIs, and Zoho CRM to streamline business processes.

Selected Projects

Marathon Event Management Platform

- Developed a full-stack marathon platform with event management, participant registration, event details, and responsive interfaces.
- Integrated n8n automation with WhatsApp, Email, APIs, and Zoho CRM to automate communication, data flow, and workflows.

Aruvi Tours – Travel & Tourism

- Developed a responsive travel platform featuring group tours, fixed departures, luxury packages, destination information, enquiry forms, and contact integration.
- Built reusable React components and integrated backend services to manage dynamic tour content, enquiries, and user interactions.

Photo Studio – Photography

- Developed a photography platform with service categories, package details, booking/enquiry flow, testimonials, and responsive UI.
- Implemented an interactive enquiry workflow allowing users to select photography formats and submit their requirements.
